The National Industrial Security Academy is a Centre of Excellence in industrial security and fire safety management. It is the premier training institution of the Central Industrial Security Force, engaged in organizing basic induction training and other professional and specialized courses for officers and men of CISF, police officers and corporate executives. The Mission of the Academy is to produce professionals in the field of industrial security management.

ANTI SABOTAGE COURSE IN AVIATION SECURITY BY ISRAELI TRAINING GROUP

An Anti Sabotage Course in Aviation Security by Israeli Training Group was conducted at this Academy from 20.08.02 to 21.08.02. Shri H.J.Dora, Director General, CISF inaugurated the course. A total of 46 participants (GOs & SOs) including four IB and BCAS officers participated in the said course. The training was imparted by following Israeli Officers.

- Mr. Baruch Gannot, Regional Manager Security Department, EL AL,
- Mr. Guy Zahar, Explosive Expert, Israeli Security Agency,
- Mr. Ido Kariti, Security Manager, EL AL Mumbai,
- Mrs. Rebecca Solomon, Security Supervisor, EL AL Mumbai and Eli Grossman, Israeli Expert.

Emphasizing the need for better security at the Airports, Shri H.J.Dora told that Israel has a proven track record in security system situated in hostile atmosphere. He further stressed the importance of Aviation Security which is a very delicate task in which the enemy may take advantage of loopholes in the system and use of improvised explosives may create havoc inviting lot of media attention, confidence of law

abiding citizens is shaken, common man's perception about Govt. capability is doubted and by doing so, terrorists achieve their objective. Hence, to counter this, constantly we have to be on vigil and must not lose our nerves in providing security. He thanked the Israeli team for agreeing to impart training to our officers in Airport Security which is a very sensitive task. Shri Ajit Singh Shekhawat, DIG (TRG) was also present during the training.

DISASTER MANAGEMENT COURSE FOR DISTRICT LEVEL OFFICERS

A Disaster Management Course for District Level Officers was inaugurated on 5th August, 2002 by Shri Anil Kumar Sinha, IAS, Head, National Center for Disaster Management. The Course was sponsored by the Bureau of Police Research and Development. This was the second such course conducted at NISA in which 32 Officers of different ranks had participated.

Addressing the participants on the occasion, Shri Anil Kumar Sinha said that a High Powered Committee constituted by the PMO has recommended shift in disaster management strategy from adhoc rescue and relief to building a culture of strategic thinking and planning, quick response etc.

4TH VERTICAL INTERACTION COURSE ON DISASTER MANAGEMENT FOR IPS OFFICERS

4th Vertical Interaction Course on “Disaster Management” for IPS Officers for a duration of one week was conducted from 23.9.2002 to 28.9.2002. The course was sponsored by BPR&D. Shri A.V.Subba Rao, IPS (Retd), former DGP of Kerala had inaugurated the course while Shri A.K.Sinha, Head, National Centre for Disaster Management valedicted the course. 17 Officers from different parts of the country had participated in the course. Input on Natural Disasters, Disaster on account of N.B.C. etc. have been imparted. Visits to Meteorological Department, NGRI and NFC were organized. Experts from different fields and First Responders in Orissa Cyclone and Gujarat Earthquake were called to share their experiences with the participants.

1ST CRITICAL INCIDENT MANAGEMENT COURSE

1st Critical Incident Management Course for GOs and Inspectors was organized for a duration of one week from 23.09.2002 to 28.09.2002 at this Academy. The course was sponsored by BPR&D. Shri A.V.Subba Rao, IPS (Retd), former DGP of Kerala had inaugurated the course, while Shri Arvind Rao, IPS, IG (Trg), A.P.Police valedicted the course. 41 officers of different ranks from Inspector to SP from various Para-Military and Police Organizations had participated in the course. Inputs provided to the participants included trends in terrorism, Critical Incident Planning, Incident command system, importance of public information system, incidents of aircraft hijack and hostage negotiation in addition to other subjects.

Shri P.V.K. Reddy, IPS, Director, NISA in his welcome address outlined the importance of building culture of Disaster Management and Critical Incident Management in our country. He opined that while most of the Natural disasters cannot be prevented but nevertheless be managed to mitigate the extent of losses both in human and economic terms. For effective response in disaster situation, he underlined need for incident command system and multi-agency

coordination. He further stressed on the merging areas of Disaster Management like terrorism with special emphasis on Nuclear, Biological and Chemical terrorism. He further emphasized the need for Nation as a whole and Police forces in particular to remain vigilant in the present turbulent scenario to counter the emerging dimensions of disasters and for better management of critical incidents. As one of the inputs of the course an interesting simulation exercise on hostage negotiation was conducted by a group of senior police officers drawn from different parts of the country who earlier underwent similar training in USA. All the participants, divided into different component groups in a critical incident management scenario, experienced the near-real situation in hostage taking & negotiation exercises. It was widely appreciated by national and international media and press who closely followed the turn of events in the exercise.

The Chief Guest Shri A.V.Subba Rao in his inaugural address emphasized the disparity in amount of losses suffered by developed nations and developing nations in the aftermath of disasters. He stressed the need for building culture of disaster preparedness, strategic thinking learning from the experiences to make coordinated efforts and focused intervention during disaster. He further emphasized on sustainable development in which disasters could be mitigated if not prevented.
